Alabama Court Outlaws NAACP

Ordered To Stop Doing Business

MONTGOMERY, Ala. (AP)—Accused of encouraging attacks on segregation laws, the National Assn. for the Advancement of Colored People was ordered by a state court Friday to stop doing business in Alabama.

Circuit Judge Walter B. Jones issued a temporary injunction at the request of Alabama Atty. Gen. John Patterson. The restraining order will remain in effect "until further orders of the court."

Patterson charged the NAACP with helping organize and finance the 6-month-old Negro bus boycott in Montgomery and with employing or "otherwise" paying two Negro women to seek enrollment at the all-white University of Alabama.

Those and other actions, the attorney general declared, "are causing irreparable injury to the property and civil rights of the residents and citizens of the State of Alabama."

He said they have "resulted in violations of our laws and tend in many instances to create a breach of the peace."

In New York, Roy Wilkins, executive secretary of the NAACP, said the NAACP "did not organize the Montgomery bus protest, but we joined the rest of the country in hailing the people who did."

"We did not employ Mrs. Katherine Lucy Foster to enroll at the University of Alabama."

Wilkins said the NAACP had received no notice of the legal move, and had no word on it except newspaper accounts, but added NAACP lawyers were now seeking exact information about the injunction action.

Patterson said the injunction will remain in force indefinitely unless the NAACP asks the court to dissolve it. Unless an answer is filed within 30 days, he said, the state can then request the court to make the injunction permanent.

FRENCH KILL 230 REBELS IN BIGGEST BATTLE OF REBELLION

ALGIERS (AP)—French military headquarters reported Friday night 230 rebels have been killed in continuing battle in the "Gates of Iron" gorges of the Bébān Mountains.

A streamlined French division had an Algerian nationalist force trapped southwest of Bougie.

It was the biggest battle of the 18-month-old Algerian nationalist rebellion against the French. And it was the first time that anything like a whole French division has been fighting the rebels in a single battle.

French headquarters said the division was fully engaged, indicating that the rebel force was exceptionally large.

The French said they had captured 210 rebels during the three-day battle. They said 160 of the 230 rebels killed were wearing military uniforms. French casualties were not disclosed.

ARRESTED IN RIOT—A colored girl is removed by police as one of the participants in serious racial disturbance aboard the pleasure steamer Canadiana at Crystal Beach, Ontario, Canada. Trouble started on the holiday cruise from Buffalo, N.Y., continued during a stop-over at Crystal Beach amusement park and raged again during the return trip to Buffalo. At least 16 persons were injured and five youths were arrested in the disturbance.

Navy Tells Plans To Junk 107 Old Ships

WASHINGTON (AP)—The Navy Friday told of plans to junk 107 old ships, including three veteran battlewagons and the carrier Enterprise.

Plans for disposing of the vessels were outlined in a letter to Congress, which must approve the action. Undersecretary of the Navy Thomas S. Gates said junking the vessels, which total 363,510 tons and are now in mothballs, "compares to dropping a term life insurance policy carried for many years and for which the need no longer exists."

Since World War II, the Navy has sold or scrapped nearly 1 million tons of shipping, including battleships, carriers and cruisers.

The new list of vessels destined for destruction contains such illustrious names as the Battleship California, Mississippi, Tennessee, which with the Enterprise formed one-half of the battle line in the biggest surface engagement of World War II, in the Leyte Gulf in October 1944.

The Enterprise was only 200 miles from Pearl Harbor when the Japanese launched their Dec. 7, 1941 attack plunging this country into war. For a while she was the only U.S. carrier left operating in the Pacific. Before the war was over, her guns and planes destroyed 911 Japanese aircraft, sank 71 ships, and damaged 192 other enemy vessels.

Two of the cruisers listed for scrapping, the Honolulu and the Louisville, were both badly damaged in Philippine waters by Japanese suicide planes.

Other vessels on the list include the Escort Carrier Bogue, 10 cruisers, 10 small carriers, 12 submarines and a number of smaller craft.

McKeon was arrested and placed in the Parris Island brig early on the morning of April 9, a few minutes after he emerged from the tidal stream into which he had marched his platoon to recruit the night before.

Marine Corps spokesmen said that under Thomas' order McKeon's status was changed from confinement to restriction. They said he must stay on the base or within an area not greater than 10 miles from its center until the court-martial starts.

A spokesman said this type of restriction was arranged so that McKeon could live with his wife and children at their home outside the training center.

Truth Irritates The Bear

It would be impossible to find a less war-minded general in the service of free men than Gen. Alfred M. Gruenthal, commander of the North Atlantic Treaty Organization. Thus when Russia assails him as "belligerent" the comment is merely self-revealing.

The attack on Gruenthal by the Soviet newspaper Pravda represents a resort to that old Communist trick: calling the truth a lie and a lie the truth.

In this case, Pravda accused the NATO commander of "running amuck," threatening to "hurl atomic bombs."

What Gruenthal really said was that Soviet aggression against any NATO member would be countered by atomic weapons delivered by a variety of means.

The general irritated Moscow further by declaring that the Soviet policy of "coexistence smiles" is aimed at lulling NATO members to sleep while the Soviet Union goes on magnifying its military power.

To this Pravda snapped: "Unsavory . . . vicious fabrications . . . deliberate falsehoods." The journal went on to say that Gruenthal's remarks amounted to an effort to obstruct the lessening of world tensions.

The World Today

WASHINGTON (AP)—You did it when we weren't looking."

That is the complaint some senators made against the rest of the Senate for inserting—in the new superhighway program—a few sentences which, if they stand, may cause confusion for years.

It is true some weren't looking. Some weren't listening either. And some weren't there.

The Senate debated Monday, and 14 hours Tuesday, before approving a bill to create over the next 13 years a 40,000-mile network of superhighways costing the federal government about 25 billion dollars and the states about 2½ billions.

Since the federal government will pay most of the bill, Sen. Chavez (D-N.M.) proposed the government should decide the wage rates for men who build the network. He said the secretary of labor should do the deciding.

This wasn't unusual. Under a law passed in 1931 the labor secretary decided wage rates for workers on projects paid for by the government. This applies to contracts for direct federal construction as well as to contracts for schools, hospitals, housing, airports and other facilities built with federal-aid funds.

The secretary decides what the prevailing rate is in the area for the same kind of work—in this case it would be roadbuilding—and says that should be the wage rate for the highway builder.

There were a lot of objections, particularly from Southern Democrats, including Sen. Fulbright (D-Ark.).

Their arguments, boiled down, ran like this: What areas would the secretary select as a yardstick? An area close to where a strip of highway is to be built or some city 100 miles away where wages might be higher? What would happen to the economy of a rural area if the secretary fixed wage rates for roadbuilders out of line with wages paid nearby farmhands? Would they quit the farms to work on the roads?

The Only Thing We've Saved So Far

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—All men who have given up hope of success in love because they are middle-aged, paunchy and bald can take heart from Robert Weede.

Weede, Broadway's newest matine idol, is neither young nor tall nor dark nor handsome.

He is stocky and plump-featured, he is admittedly middle-aged, and he has freckles on an indisputably bald head.

Far from being defects, these assets—plus a beguiling smile and a fine voice—won him overnight one of the year's greatest successes in the theater.

Weede, one of America's best baritones, was a Broadway unknown when he opened a few weeks ago in Frank Loesser's "The Most Happy Fella," hailed by critics as America's finest folk opera since "Porgy and Bess."

He played the role of Tony, an aging bachelor winegrower who woos a pretty waitress by correspondence. She is at first taken aback by Tony's appearance, but she marries him anyway, discovers he has a heart of gold and falls truly and deeply in love with him. The fact she is bearing a child by another man bothers Tony only briefly. He decides that at his age it is better to have a pretty chick with a child than no chick at all.

Well, sir, the old gaffers in the audience, many of whom presumably had courted fair young maidens with less happy results, darn near flooded the theater with tears at the sight of Tony's victory.

Soon Weede was measuring his fan mail with buckets, and most of the letters were in feminine handwriting. Tony had stirred the sentimental ladies, too.

I asked Weede what he himself thought, off-stage, about May-and-November romances, and he replied stoutly:

"I have the same philosophy. Tony did. Honest love can make up for a lot of differences between people—differences in age or shape or background."

When "The Most Happy Fella" became an immediate hit, the word went out along the main stem:

"Who is this guy, Weede? Where did he learn to act?"

This rather mystified Weede, who asked mildly:

"What did they think I've been doing all these years in opera?"

Weede, a concert star for two decades, has sung with every major opera company in America, including the Metropolitan.

He is still puzzled that his appearance in a single Broadway show has brought him more national attention than two decades of singing operatic arias. But Weede is a mellow, cheerful artist quite content to take fame and fortune as they come.

He is a gentle optimist and a strong believer in the doctrine of "the helping hand."

Weede, left fatherless at 15, raised and sold vegetables to pay part of his tuition, but says that a helpful sister, who later became an educator herself, was "the mainspring of my career."

"We're all such self-made people today," he added, "and actually I don't think any of us are self-made."

"We will have a hard time, but there are always people who want to help us. I can't even count all the people who helped me along the way."

Thinking It Over

By Robert L. Dieffenbacher, D.D.S.
Written for NEA Service

Thousands of people will set out on vacation travels within the next few weeks. Americans will travel millions of miles in their quest for relaxation and change. A great portion of these pleasure seekers will move so fast that they will scarcely see the points of interest and the beauty of their surroundings.

Many vacation goals are little more than dots on maps or a few nights of short sleep in a variety of motels. Scores of people mutilate the landscape which others want to see by scattering odd bits of trash and refuse for which they have no use.

This year let us plan our vacations with the thought that God is going to be where we are. Let us realize that He created the world and made the beautiful scenery which we can see if we take the time to look at it.

There is an altar for worship amid the spires of mountain peaks and in the channeled valleys through which flow clear, pure streams of undefiled water. God whispers in the forests and waits the incense of the sagebrush.

The Maker paints cathedral windows on the sky at sunset, and tints the churchly rafters of the morning. He thrills the spirit of mankind to worship with the carols of the birds. We find peace with God on the rock-bound coasts which stand impregnable before the pounding waves of time.

Plan to vacation with God this summer. Worship as you go.

Competition for Funds Is

At Base of Service Ruckus

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Behind all the hullabaloo over Army-Navy-Air Force rivalries is the money angle.

It is standard operating procedure for the armed services to knife each other and put on big public build-ups of their own strength while budgets are con-

tinued.

These are the basic arguments based on recent events that even the rawest recruits, their moms and dads can remember and understand. They do not get into speculative theory about unproved weapons in imaginary future wars—large or small.

Thus the Air Force drops an H-bomb from a B-52 at Bakini. Army fires its Nike missiles in New Mexico. Navy shows off its new super-carrier Forrestal and atomic submarine Nautilus. They're all good. The question is how many of each do you buy for adequate defense?

House of Representatives has ap-

proved a military budget of ap-

proximately \$34.5 billion dollars for next year. It is now before the Senate. It is divided, in round numbers, 16.5 billion Air Force, 8.5 billion Army, 9.5 billion Navy.

Contrast that with new funds appropriated for fiscal year 1954, at the end of the Korean war.

Total budget was \$33.8 billion, a little less than next year's. But the 1954 division was 12.9 billion Army, 11.4 billion Air Force, 9.5 billion Navy.

What has happened is that the Army—which with the Marines had most of the dirty fighting in Korea—has cut back a third.

Air Force has been increased nearly a half. The Navy has been kept just where it was.

The problem is therefore reduced to what combination of old and new will give the best defense per dollar?

The history of U.S. progress has been that as new and more modern machines are put into production, costs are reduced and better products are made available for less money.

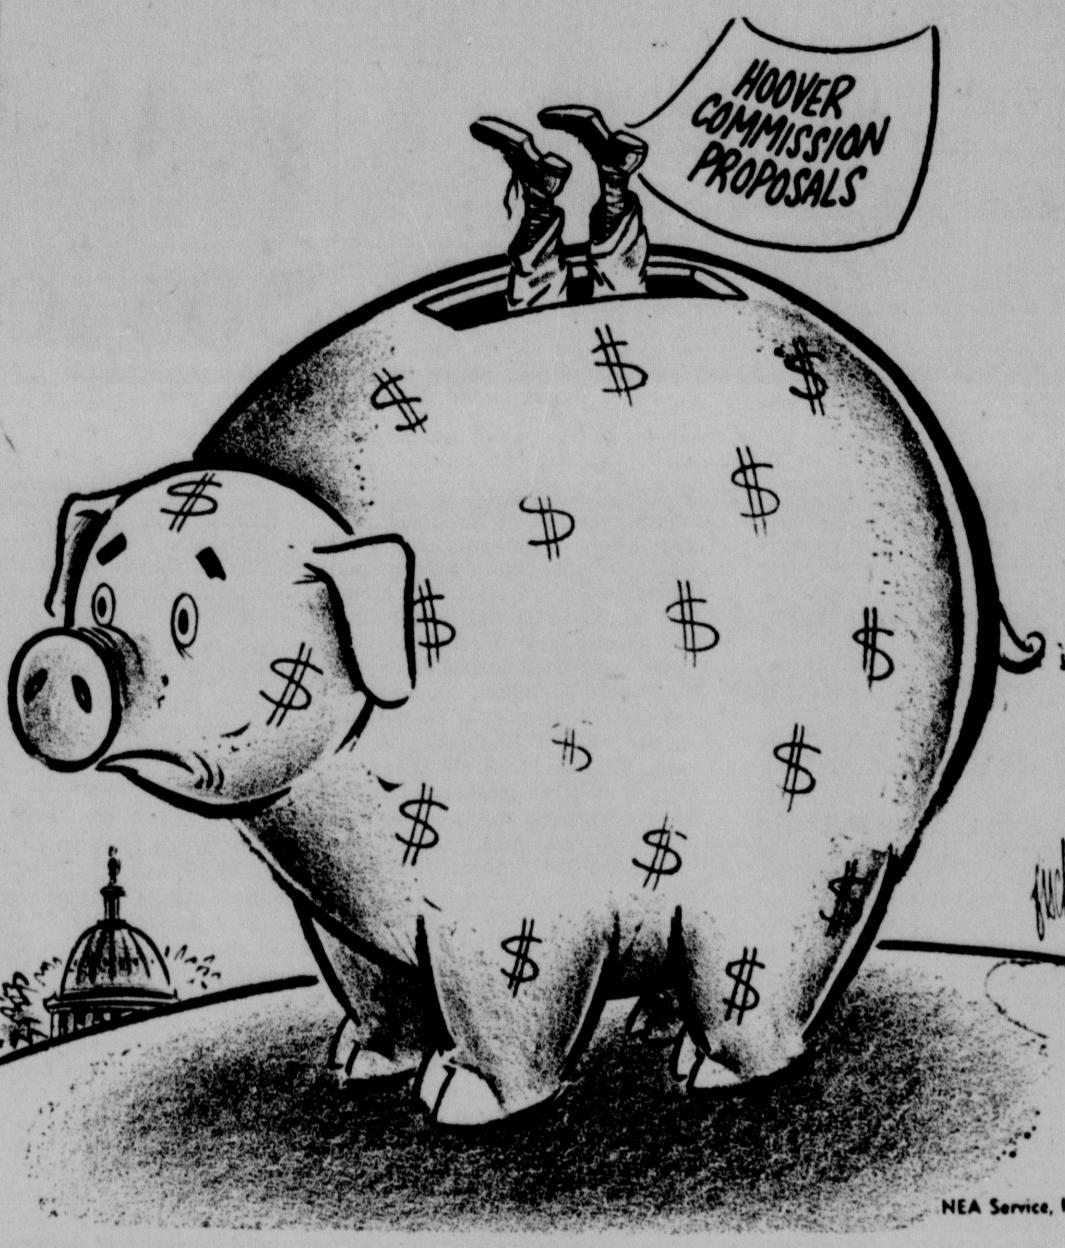

If the Air Force, which had com-

plete superiority in Korea at all times, couldn't win that war then, on what basis does it claim it could win the next one?

The Air Force Answer to that is that it wasn't permitted to use its full knockout strength in Korea and that if it had, the result would

be the same result in the armed forces.

It all comes down to the old business of getting the most bang for the available bucks.

ALBUMIN TRACES RAISE CRITICAL MEDICAL QUESTION FOR YOUNG WIFE

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—Terry Moore has gotten herself a new husband, four homes spread over the hemisphere and an entirely different outlook on life.

You can see the difference when you talk to her for a while. She's still intent on her acting career, but she's no longer the eager beaver. She seems to have found contentment.

"These last four months since I've been married have been the happiest time in my life," she glowed. "I'm leading a fascinating life."

She sure is. In February, she married Eugene McGrath, a young businessman who operates on an international scale. The son of a Panama Canal engineer, McGrath is a self-made capitalist who deals in insurance, oil, shrimp and other enterprises, with headquarters in Panama and Venezuela. Since many of his business associates are in the United States, he does a great deal of traveling.

"Last year he clocked 260,000 miles," Terry reported admiringly. "Because he does so much traveling, we have four different homes. We have a house in Panama City—a lovely ranch-type place on a hill. Then we have two floors on top of an apartment building in Caracas. We have six bedrooms; we need much space because Gene does a lot of traveling. The writer could go through another pregnancy without harm. The risks involved in doing so, however, should be carefully evaluated and discussed with the young mother and her husband."

"I believe most eye specialists frown on this practice but I am uncertain as to exactly why, or what injuries from it would be expected."

"Would you please explain the term keloid. Is it a form of cancer?"—R.L.L.

I have no personal knowledge of this operation but am dubious of the safety of any operation designed to increase the size of the breast.

Q—Please discuss phryriasis rosacea and its cause. How long will the rash last? If a person has never given me any trouble except when I was pregnant, I have a five-year-old child and would like to have one more but have been advised not to. I recently went to the hospital and had kidney tests but no damage was found in my kidneys. What would you advise?—Mrs. L. F.

A—Here is the problem of a young woman who would like another child but apparently not at the expense of disaster to her or her family. The most exhaustive study of the source of the albumin, the state of the kidneys, the effect of the previous pregnancy and like matters is indicated. It is possible that the albumin in this instance is one of those rare forms which does not indicate disease and that the writer could go through another pregnancy without harm. The risks involved in doing so, however, should be carefully evaluated and discussed with the young mother and her husband.

Q—I am a young matron of 33 and mother of three children. Recently our bridge group had a discussion on a new operation which we understand involves the use of a plastic insert to build up an underdeveloped breast. They are tender or painful. They are not cancerous.

Q—Reading your article on Meniere's disease reminded me that dentistry has a similar problem called "temporo-mandibular dysfunction." Would you please explain the term keloid. Is it a form of cancer?"—R.L.L.

A—This is a kind of tumor of the skin which consists of whitish or colored ridges or nodules often occurring at the place where a scar exists. Keloids tend to recur after removal and sometimes are tender or painful. They are not cancerous.

Q—Reading your article on Meniere's disease reminded me that dentistry has a similar problem called "temporo-mandibular dysfunction."

Q—Would you please explain the term keloid. Is it a form of cancer?"—R.L.L.

Manners Make Friends

If some of a bride's friends want to give showers for her, she should set a limit to the number to be given. A gracious way to do it would be to say to some of the friends, "I don't want my friends having to buy so many shower presents, so would you mind having some other kind of party?"

The important thing to notice is that the damage done to children is not done by quarreling itself. No marriage is immune from occasions of bitterness, jealousy and recrimination. Such storms are disastrous when they are half-seen, half-heard and not at all understood; when the parents, through stupidity or selfishness, conduct the argument as if the children were not there or as if being there, what the children think and feel about it is of no consequence to them.

We shove them away from our quarrels because we cannot tolerate their critical thoughts and feelings.

CENTERVILLE MAN
BELIEVED DROWNED

DUPO, Ill. (AP)—Oscar Cobbe, 20, of Centerville Township is presumed to have drowned in the Mississippi River two miles northwest of Dupo. St. Clair County authorities said Thursday.

Cobbe, described as a "good swimmer," was swimming Wednesday with two friends. Witnesses said Cobbe went down three times 55 yards from shore but that at no time called for help. Authorities gave up searching for the body Thursday.

Interpreting The News

By J. M. ROBERTS

Communist headquarters in Moscow joined Swiss and Swedes. Two things happened. The Swiss and Swedes never got a real look at anything in North Korea, and South Korea accused the Poles and Czechs in their zone of being nothing but spies.

Behind the screen of Polish and Czech obfuscation, Red China showed no intention of obeying the status quo agreement, acting as Russia's agent in building up North Korean strength, particularly in the air.

Russia has made a great to-do for years over the refusal of the Western Powers to trust her to keep agreements which she proposed regarding atomic and other arms. She constantly refuses to accept even an inspection agree-

To enforce it, teams of observers were set up. To stop the shooting, the United Nations agreed that the teams should be composed of men appointed by four countries. They were supposed to be neutral, but only half of them were. Polish and Czech puppets of the international

army.

Her actions and those of her Communist allies indicate clearly what would be the result if she did make an agreement.

The Western Powers would keep it, because they would want to keep it. To avoid trouble, just as they did in Germany and are doing in Korea, they would not be firm when the Reds were caught in evasions.

In any field of contest, be it hot or cold, the theory of an armistice is that its violation will produce a resumption of things as they were before its adoption. In the Korean case, this would mean a return to open warfare.

So much for peaceful settlements with the Communists.

Congratulations to all young people who are graduating this year! Receiving a diploma means you have fulfilled the academic requirements and met the standards of conduct of your schools. They, in turn, have given you a secure world for four years, with work and rules of conduct mapped out for you.

Now all this is changed in a day. The anchor has suddenly pulled up, and the world ahead looks insecure and uncertain. You now have to plan your own work, and set your own standards of behavior.

At this point, a church connection is a strong anchor to spiritual security. Let your Commencement mean a commencement of regular church attendance in the church you choose. Face the new world ahead armed with its firm hope and faith.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tigers' Frank Lary Beats Yankees 6-3 For Fourth In Row

Boston's Brewer Blanks Athletics For Five Hits

BOSTON (AP) — Boston's Tommy Brewer blanked Kansas City 5-0 on five hits for his seventh victory of the season Friday night as Ted Lepcio—the Red Sox "forgotten man"—collected three hits and drove in two runs.

But the most dramatic moment was furnished by the Sox jockey, Jimmy Piersall, who made a fantastic catch to rob Jim Flanagan of extra bases to lead off the ninth inning.

Piersall sprinted 40 yards from deep center to make an unbelievably high leap against the wall in left center, backhand the ball and complete a somersault to come up still clutching his prize.

The crowd of 21,856 gave him a standing ovation then and again after the final out as Brewer waited on the mound to shake his hand as he trotted toward the dugout.

Just before his defensive masterpiece, Piersall crashed a triple to the 420-foot mark in right center that scored Jackie Jensen in the first inning.

Lepcio—who had appeared only twice before this season and both of those as a pinch hitter—got his chance when Billy Goodman retired because of a case of grippe after bunting safely in the first inning.

Lepcio went in to play second base and wound up with three singles in four trips.

Howard Cassady, Patty Berg To Receive Honors

By WILL GRIMSLY

NEW YORK (AP) — A pair of redheads—a line-whacking halfback and an indefatigable woman golfer—will be honored Saturday as 1955's "Athletes of the Year."

They are Howard (Hopalong) Cassady, Ohio State's two-time All American who is preparing for a pro football career, and Patty Berg, sturdy perennial of women's golf.

Named in the annual Associated Press poll of sports writers and broadcasters, they will receive the first Frederick C. Miller Memorial Trophy awards presented by the Fraternal Order of Eagles at a midtown luncheon. The awards will be given yearly to the top male and female athletes picked in the AP poll.

Miss Berg, now playing in a tournament at Pittsburgh, will be unable to attend. Her awards will be received by her brother, Herman Berg, Jr., of St. Paul, Minn.

Judge Robert C. Cannon of Milwaukee will make the presentations to Cassady and Berg. Guests will include leading members of the Eagles organization, sports writers and broadcasters.

Cassady, who will play next fall with the Detroit Lions, was named male "athlete of the year" over such standouts as heavyweight champion Rocky Marciano; Johnny Podres, Brooklyn's World Series pitching star, and Otto Graham, veteran quarterback ace of the professional Cleveland Browns football team.

Miss Berg is dean of the women's golf ranks, winner last year of her sixth titleholders tournament, her third Tam O'Shanter "World Champion" and fifth Women's Western Open.

Miss Berg beat out her long-time golfing companion, Mrs. Babe Didrikson Zaharias, now ill with cancer and Doris Hart, the women's tennis champion.

North Dakota Beats Oklahoma In NCAA Playoff

PEORIA, Ill. (AP) — North Dakota State sprayed 13 hits Friday to defeat Oklahoma 8-3 in the district NCAA baseball playoff.

The winners will play the Missouri Valley Conference champions, Bradley University, Saturday for a chance at the NCAA crown at Omaha next weekend.

Morris Holm, the winning pitcher, made three hits in bringing his season record to 6 wins and 2 losses. The losing pitcher was Joe Mohra (3-2).

The North Dakotans took an early advantage over the Big Seven champs, collecting three runs in the first inning on three Oklahoma errors and two hits, one a double by Rudy Marz. Two Oklahoma home runs — by Bob Hughes in the sixth—came with none on base.

Bradley, with a 21-6 record, drew a bye in the three-team playoff.

Allentown, Pa., of the Eastern League is connected with the St. Louis Cardinals.

Nats Hand Lemon First Defeat, Beat Indians 5-3

WASHINGTON (AP) — Washington dealt Bob Lemon his first defeat since opening day as the Senators beat Cleveland 5-3 Friday night. Bob Wiesler went the route for Washington to achieve his first victory as Lemon's string of six triumphs was snapped.

Lemon helped himself to a 2-0 lead by hitting a home run in the third inning with none aboard after the Indians scored in the second on singles by Al Smith and Vic Wertz and Rudy Regalado's double-play grounder.

The victory was the second of the season for Simmons — both over the Cardinals. Miller came in as the Cardinals threatened in the eighth St. Louis outdid the Phils, 7 to 6.

The Phillies wrapped up the game against Larry Jackson in an astonishing ninth, which Elmer Valo began with a soft infield hit to third. Valo stole second and took third on Bill Sarni's throw. Valo held third on Jones' grounder, a play on which the batter reached base safely as Moon dropped a throw at first.

Valo was out at the plate on Gran Hammer's grounder, but as pinchhitter Frank Baumholz struck out, Jones and Hammer worked a double steal. A walk to Miller filled the bases. Ashburn then grounded to Moon, whose soft toss to Jackson, covering first, was missed for a two-run error, the Cards' third miscue of the inning.

Tennessee Men Blaze Away In Western Amateur

CHICAGO (AP) — Shortstop Jerry Kindall of pennant-winning Minnesota beat out his teammate, third baseman John McCarran, 44 to 43 to win the 1955 Big Ten batting title, according to official conference statistics Saturday.

Kindall, a junior, also topped Big Ten shortstops in fielding with .980, and led in number of hits with 22 and total bases with 43. McCarran had 39 total bases. Jim Sack, Michigan State outfielder, was third in batting with .419, followed by catcher Chuck Lindstrom of Northwestern with .415 and outfielder Les Hawthorne of Iowa with .400.

Two records were broken and two equalled.

Sack matched a conference mark by striking out only once in a full season. Lindstrom's eight doubles also equalled a record.

First baseman Doug Gillen of Minnesota set a home run record with seven for the season and Minnesota's total of 29 homers also was a new high.

Heading the runs-batted-in list was McCarran with 17 and outfielder John DeMerit of Wisconsin with 16. DeMerit's batting average was .354.

Rudolph, Tennessee open champion, and one-time national junior for king, eliminated Gene Dahlbom of Atlanta in another display of sub par golf. Parnell, Missouri Valley Conference champion, and the star at Oklahoma A&M, walked Tim Holland of Rockville Centre, N. Y., a sensation in previous rounds.

Cassady, who will play next fall with the Detroit Lions, was named male "athlete of the year" over such standouts as heavyweight champion Rocky Marciano; Johnny Podres, Brooklyn's World Series pitching star, and Otto Graham, veteran quarterback ace of the professional Cleveland Browns football team.

Miss Berg is dean of the women's golf ranks, winner last year of her sixth titleholders tournament, her third Tam O'Shanter "World Champion" and fifth Women's Western Open.

BASILIO REQUESTS EXTRA TRAINING TIME

TROY, Ohio (AP) — The Carmen Basilio-Felix Machado 10-round fight scheduled June 7 at Hobart Arena, Friday was postponed to June 16 at the request of Basilio, matchmaker Jack Laken said.

"Basilio and his handlers found out that Machado is a pretty good boy," Laken said, "and they asked an extra week for Basilio to get in tip-top shape."

Weird Ninth Inning Gives Phillies 5-2 Win Over Cardinals

ST. LOUIS (AP) — The Philadelphia Phils downed the St. Louis Cardinals 5-2 Friday night, aided by a weird ninth inning in which they scored twice on a scratch single, a walk, three errors and three stolen bases. Chet Simmons, aided by Bob Miller's effective relief pitching, was credited with the triumph.

The victory was the second of the season for Simmons — both over the Cardinals. Miller came in as the Cardinals threatened in the eighth St. Louis outdid the Phils, 7 to 6.

The Phillies wrapped up the game against Larry Jackson in an astonishing ninth, which Elmer Valo began with a soft infield hit to third. Valo stole second and took third on Bill Sarni's throw. Baker's 2-Run Homer Gives Cubs 15 Inning Verdict Over Bums 4-2

CHICAGO (AP) — Gene Baker's two-run homer after Pee Wee Reese fumbled a third-out grounders gave the Chicago Cubs a 15th inning, 4-2 victory over the Brooklyn Dodgers Friday.

Ed Roebuck, the fourth Dodger pitcher, was the loser in the 4-hour and 4-minute game which was sent into extra innings by batters, one by the Cubs' Ernie Banks in the eighth.

Reese fumbled Eddie Miksis' roller with two out in the 15th and that set the stage for Baker's big blow.

Both teams blew early chances to break the deadlock, especially the Cubs who filled the bases with none out in the 14th but couldn't do anything about it.

The two starters, Chicago's Jim Brosnan and Brooklyn's Roger Craig, pitched neatly as long as they went. Clem Labine and Sal Maglie also pitched for Brooklyn.

The Cub winner was Chicago's No. 5 hurler, Sam Jones, who entered in the 14th after Jim Davis, Vito Valentini and Turk Lown had followed Brosnan.

The Cubs took the lead at 2-0 in the bottom of the seventh when Fonda led off with a single as the first batter to face reliever Labine and Banks slammed his No. 12 homer of the season.

CORN ONLY GRAIN SHOWING STRENGTH ON WEAK MARKET

By WILLIAM FERRIS

CHICAGO (AP)—In moderately active dealings butcher hogs sold steady to 25 cents lower Friday. Several lots reached \$18.25, the top. This was down 10 cents from Thursday but unchanged from a week ago. Salable receipts totaled 7,300 head.

The bulk of 190 to 270-pound butchers were taken at \$17.25 to \$17.75. Butchers scaling 270 to 310 brought \$16.50 to \$17.35.

Shows were weak to mostly 25 cents down at \$12.75 to \$15.50 with most weakness on offerings weighing more than 400.

Steers and heifers were called nominally steady, not many being included in the 800 salable receipts. A few choice steers went at \$21.25 to \$22.25. Buyers got high bid to low choice heifers at \$19.50 to \$20.50.

Cows sold steady to 25 cents higher at \$11.50 to \$13.50 on utility and commercial and \$10.00 to \$12.00 on canners and cutters. Good and choice vealers brought \$19.00 to \$23.00 with a few head of prime at \$24.00.

New York Bond Market

NEW YORK (AP)—Industrial convertibles moved slightly higher in an irregular bond market Friday in quiet trading. Rails, utilities and quality investment issues were firm while foreign dollar bonds declined.

U. S. Treasury issues gained in moderate activity.

Volume slipped to \$3,130,000 par value from \$3,920,000 Thursday.

Most gains or losses were confined to \$1 and a fraction.

The nation's corporations offered fewer securities for cash sale in the first quarter of this year than in the year ago quarter.

New corporate issues—common and preferred stock, bonds and notes primarily—amounted to \$22,260,000 in the first three months of 1956, the Securities and Exchange Commission reported.

This was lower than the \$2,530,000 of new offerings in the first quarter of 1955.

New York Stock Market

NEW YORK (AP)—The stock market made a limited advance Friday in its quietest session in 3½ months.

Prices improved in most divisions in the last half-hour after the market had held to a mixed position through most of the day.

Gains ran to better than \$2 in key issues. Steels, motors, oils and chemicals were the best performers among the divisions.

The Associated Press average of 60 stocks rose 40 cents to \$178.60, with industrials up \$1.00, railroads up 50 cents and utilities up 40 cents.

Trading came to 1,440,000 shares the lowest total since total volume of 1,420,000 on Feb. 13. Thursday's transactions came to 2,020,000 shares.

Brokers attributed the slim volume to a combination of uncertainty over the current market picture and a pre-weekend letup in business after the Memorial Day holiday.

In Thursday's market, the AP average dipped 30 cents. This came after Tuesday's jump of \$3.30 in the averages, the biggest gain in 17 years.

On the American Stock Exchange, prices were irregularly higher and trading came to 560,000 shares vs. Thursday's 670,000.

PROFITABLE DEALERSHIP

AVAILABLE

Our National Sales Organization

has an opening for one franchise

representative in Jacksonville.

The man who gets this exclusive

territory will become an import-

ant part of a highly successful

operation in a booming major in-

dustry. He will be required to

make a moderate investment, and

he will become an indepen-

dent businessman.

This is not a "get rich quick"

scheme, but a tested and proven

business. Our success depends on

the success of our representatives,

and we do everything possible to

help them. Our methods work and

we train representatives and stay

with them until they are estab-

lished. Most of our representa-

tives had no previous experience

in our line.

Our National Franchise Manager

will be in Jacksonville within ten

days. If you have some money to

H. Bancroft; social committee member, Mrs. George Vasey; tickets, Mrs. D. L. Pierson; tours, Mrs. Fred Carter and Year Book, Mrs. Harold Joy.

The meeting was opened by the president and the secretary was asked to read the minutes of the last meeting of the board held on February 4, 1956, at the Public Library.

The president then mentioned that there are now twenty-six board members and announced the names of the new chairmen for the various committees where changes were made: Mrs. C. R. Huchett, communication committee; Mrs. Gertrude Reynolds, program committee; Mrs. Harold Joy, year book committee.

Mrs. Scholfield commented on the information furnished on the slips passed out by her at the previous meeting, some being favorable on the club's accomplishments and others constructive criticism.

The calendar for the coming year was then discussed and the months where dates were conflicting or not suitable, action was taken by the board. Motion was

Crouse Funeral Conducted Friday

Funeral services for Ellsworth Crouse were held at 3:30 o'clock Friday afternoon at the Cody and Son Memorial Home with Rev. William H. Spencer officiating.

Mrs. Lucille Chandler was soloist with Mrs. Arthur Hecker at the organ. Selections were "The Old Rugged Cross" and "Beyond the Sunset."

Mrs. Clarence Crouse, Jr. and Miss Becky Crouse were in charge of the floral offerings. Pallbearers were Clarence Crouse, Jr., Forrest Crouse, James Crouse, Paul Crouse, Reggie Crouse and Robert Ferris. Interment was made in the Diamond Grove cemetery.

made by Mrs. Jewsbury that the December meeting be held on the third Saturday of the month the 15th instead of the customary first Saturday in December which motion was properly seconded and carried. The April meeting was the next question. Considerable discussion ensued. A motion was made by Mrs. N. J. Butler that the Spring Luncheon be held on March 16, 1957. Motion was properly seconded and carried. By general consent the date of April meeting was not changed as was first considered best to do, so it will be the third Saturday, April 20, 1957 (the day before Easter). The May meeting date was changed to May 4 because the flower show has been set tentatively for May 18, 1957.

New Picnic Date June 17

The president then stated that Mrs. Watson had called her and reported that the picnic site and date had been decided. The date mentioned in the year book as June 16th was changed to Sunday, June 17, 1956, and it will be held at 6:00 o'clock at the farm home of Mrs. Mearl Kern, located four miles north of Alexander on the east side of the road to Ashland. It was agreeable to all present that postcards be sent to the members with full directions regarding the picnic and that all arrangements be left to the committee.

The question was raised regarding membership cards for next year. Mrs. Adams, the treasurer, stated there were forty cards left from this year's supply. Mrs. Carter made a motion that we have membership cards to be presented at the door during the next club year. Motion was properly seconded and carried. Mrs. Adams made the motion that the membership cards be mimeographed, which motion was seconded and carried. Mrs. D. L. Pierson offered to mimeograph the cards and the club will pay her for any expenditure.

Opinions of the members regarding introduction of guests were asked by the president and it was decided that following the recognition of new members, the treasurer would then read the names of the guests registered and they would stand to be greeted by the president.

The president called attention of the new members of the board to Article IV, Section 8, of the by-laws pertaining to financial expenditures to be approved by the executive board, and she asked that the chairmen of the standing committees bear this in mind during the next year. Mrs. Earl Myers, new co-chairman of the program committee, asked regarding the amount allowed for programs and she secured the support of the board for at least two meetings during the year at a cost of \$25.00 each. After some suggestions from various members of the board it was decided that after the committee has decided fully what they would like to have, that a report be presented to the executive board for approval.

Each chairman present was asked if she wished to make any changes in her committee and if so to do so as soon as possible. Then, it was decided by Mrs. Harold Joy, chairman of the year book for next year, that any changes in committees and any other material going into the book should be in her hands by August 1st so that it can be assembled and shown to the executive board before the book is submitted to the printer.

No further business was presented and meeting adjourned at 4:30 o'clock until future meeting by the president.

A very refreshing orange drink with ice cream was served by Mrs. Scholfield assisted by Miss Gladys Howard and a pleasant time was enjoyed by all.

Kane Plaintiff Loses Lawsuit Against Sears

CARROLLTON—Harry Prough of Kane lost a damage suit for \$30,000 against the Sears and Roebuck Company Tuesday when a jury returned a verdict finding the company not guilty of negligence as was charged in the complaint.

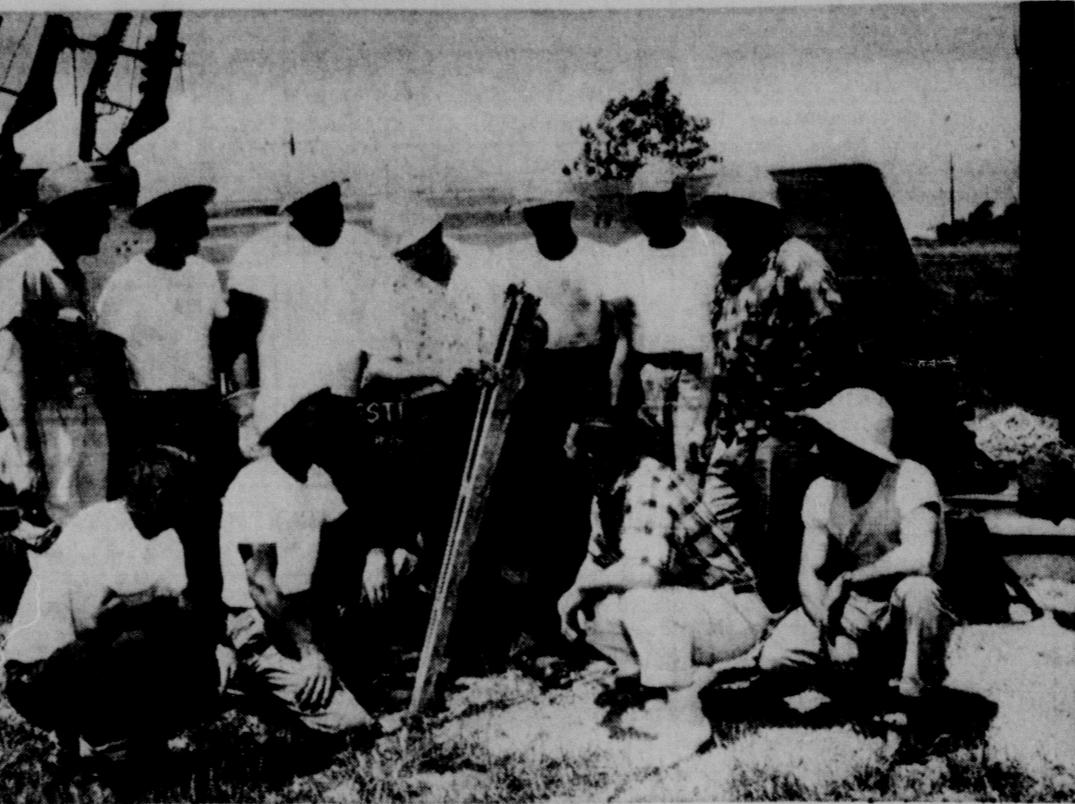

The complaint asked \$30,000 damages for the loss of the sight of one eye which the complainant claimed was caused by an injury from a defective pulley which had been purchased Nov. 16, 1953, from the local Sears and Roebuck store. The pulley, on the second time of using it, disintegrated and a portion of it struck Prough in the eye, according to the information filed in the case.

Each chairman present was asked if she wished to make any changes in her committee and if so to do so as soon as possible. Then, it was decided by Mrs. Harold Joy, chairman of the year book for next year, that any changes in committees and any other material going into the book should be in her hands by August 1st so that it can be assembled and shown to the executive board before the book is submitted to the printer.

No further business was presented and meeting adjourned at 4:30 o'clock until future meeting by the president.
